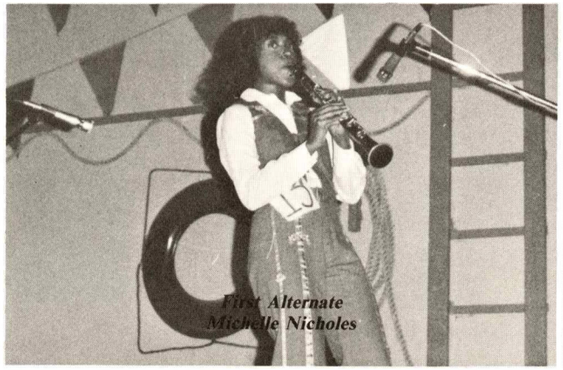
MOSS POINT'S JR. MISS 1979-1980

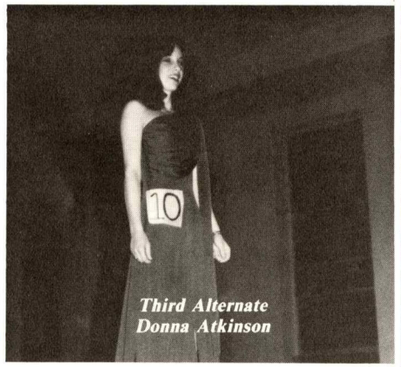


First Alternate
Michelle Nicholes

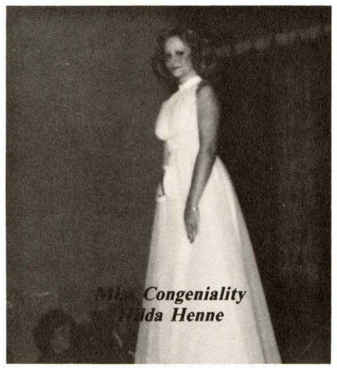
Second Alternate
Connie Little

Becky McNair was crowned Moss Point's 1979-80, Jr. Miss.

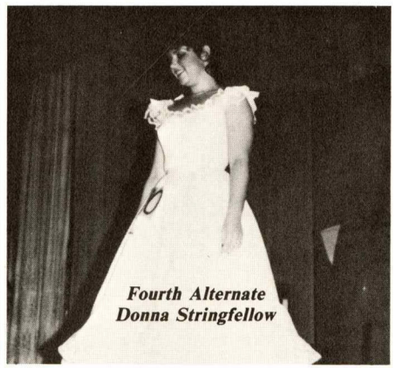
Becky is the daughter of Mr. and Mrs. Billy M. McNair. She enjoys cheerleading (she is head football cheerleader), baton twirling and playing softball. Upon graduation she plans to attend Ole Miss and Florida State to study to become a marine biologist.



Third Alternate
Donna Atkinson



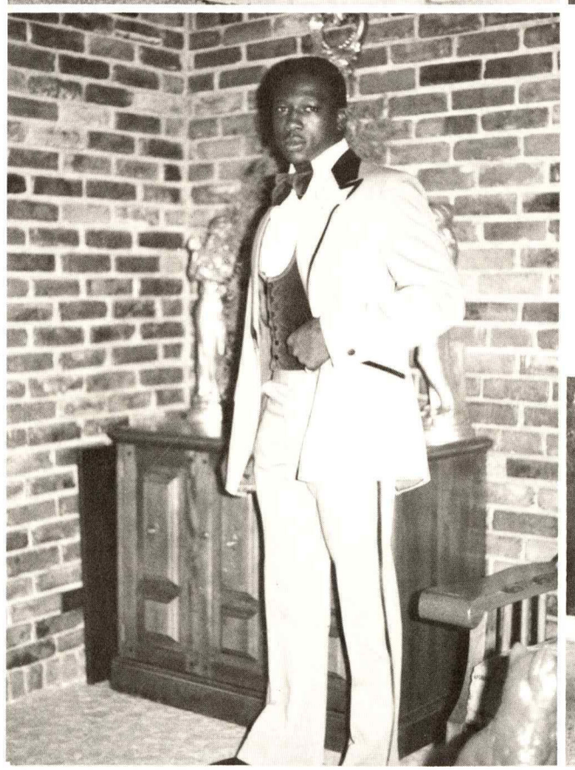
Miss Congeniality
Hilda Henne



Fourth Alternate
Donna Stringfellow

MISS M.P.H.S.

Michelle Nichols, the daughter of Mr. and Mrs. Jerome Nichols, is Miss M.P.H.S. for 1980. A very intelligent and talented young lady, she is the valedictorian, drum majorette, recipient of the Baush and Lomb Science Award, and first runnerup and scholastic achievement winner in the Junior Miss Pageant.



MR. M.P.H.S.

George Wonsley, Mr. M.P.H.S. , is the son of Mr. and Mrs. Nathan Wonsley of Moss Point. George is a member of the football team and the track team. He enjoys the big brotherly image he portrays around small children. George plans to attend Mississippi State University where he will major in business education.

One night I dreamed I was walking along the beach with the Lord. Scenes from my life flashed across the sky. In each I noticed footprints in the sand. Sometimes there were two sets of footprints; other times there was only one.

During the low periods of my life I could see only one set of footprints, so I said, "You promised me, Lord, that you would walk with me always. Why, when I have needed you the most, have you not been there for me?"

The Lord replied, "The times when you have seen only one set of footprints, my child, is when I carried you."

When the chips are down, we use them.

Because of our country's rapidly increasing demand for wood and paper products, we at International Paper Company have started using what used to be thrown away.

Lumber and plywood manufacturing leftovers formerly burned as waste—such as slabs—are today important raw material for making paper. Sawdust, shavings and other wood residues formerly discarded are being converted into useful products while bark, once a solid waste problem, is now an energy solution when used for fuel.

We've been doing this for more than 20 years, and it makes sense more than ever today.

Sometimes solutions grow on trees.

INTERNATIONAL PAPER COMPANY

We grow more than trees.
